

ZGS

Presents

A close-up photograph of an elderly woman with short, light-colored hair and dark-rimmed glasses. She is wearing a light-colored cardigan over a t-shirt and is looking down at a black smartphone held in her right hand. The background is a soft-focus indoor setting.

85%

of adults 50+ prefer in-person banking over digital.

Why now?

- Revolution of LLM
- Cost-Effective Multimodal Tech:
- Physical space which creates a missing link for non tech people

Thank you!
